This was not mailed due to change in recapture rule, instead a new non-final was sent when SPREs informed me of their decision.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 26, directly after "actuator" in both lines 2 and 3 add "mechanism".

This is done to avoid any confusion with the actuator of claim 30 and to keep uniformity with other claims such as claim 27.
